

# Step Change in Safety Charter & Certificate of Membership

## **SBS Logistics Ltd** **A member of Step Change in Safety - 2008**

Founded in 1997 as a cross industry initiative, Step Change in Safety has achieved significant safety improvements.

If we are to achieve our vision of making the UK sector the safest place to work in the oil & gas industry, then strong leadership is necessary.

We therefore declare our personal commitment to action in the following key areas.

As a member of Step Change in Safety we will:

- Support & promote the Step Change strategies & principles.
- Demonstrate visible safety leadership & support our site managers and workforce by effective engagement.
- Promote effective collaboration through the sharing of best practice and learning across all industry sectors.
- Work towards consistency and continuous improvement in industry standards.
- Ensure effective workforce involvement and best use of Safety Representatives and Committees.
